Jan,

Last week I received the mining/reclamation plan for the aggregate mining operation proposed by Long Ridge Rock Products on five acres of BLM land in T7S, R1W, Sec. 1. This project has been assigned BLM casefile number U-77837.

I reviewed your surety calculation and concur with your amount of \$22,300.00.

thanks,

Stephen Allen

Jan - Thank you for the email, but I am not assigned to this case file, Steve Allen, the other geologist in our office is handling this sale. I have cc'd him on this email along with Lynn and Steve's phone number is 801-977-4360. Let me know if you can't get in touch with Steve.
